**Part III STATEMENT OF REASONS FOR ALLOWANCE**

1. This office action is in response to the amendment filed on 7/30/07. Claims 1-8 are being allowed over the prior art of record. Applicant's arguments on pages 10 and 11 have been found to be persuasive. Prosecution on the merits is closed in this application.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach, or suggest the claimed limitations of (in combination with all other features in the claims), an application adapted to run on a client computer, wherein the application is adapted to submit to a first print job to a first output printing device and a second print job to a second print job to a second output printing device, receive the status information regarding the output printing devices, determine which of the received status information is relevant to the first and second print jobs, filter the status information to extract the status information relevant to the first and second print jobs, and group and display the filtered status information regarding the first and second output printing devices, as now recited by the independent claim.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee, and to avoid processing delays, should preferably accompany the Issue Fee. such submissions should be clearly labeled "comments on statement of Reasons for Allowance".
